NRCDES Sponsored Academies Committee

That all schools in the Diocese of Nottingham will be outstanding Catholic schools (DCI) and good or better (Ofsted) by 2020.

Introduction

The Nottingham Roman Catholic Diocesan Education Service (NRCDES) was created in 2011 and is committed to challenging and supporting all of its schools to become good and outstanding.

“We remember that the primary purpose of Catholic schools is the promotion of the Common Good through the education of children.”

Rt Rev Malcolm McMahon OP, Chair of the CESEW, January 2010

The NRCDES will bring added drive, expertise and capacity to any low performing schools within the diocese by acting as a sponsor where this is necessary or by arranging for one of the multi-academy trusts (MATs) within the diocese to take on the sponsorship of a school.

The NRCDES is particularly determined to play a pivotal role in supporting its schools serving the most disadvantaged communities in order to improve the life chances of pupils and to raise the aspirations of their families in order that the young people have the opportunities they need to enable them to achieve their potential and to live life to the full.

“...education is not and must never be considered as purely utilitarian. It is about forming the human person, equipping him or her to live life to the full – in short it is about imparting wisdom.”

Pope Benedict XVI, September 2010

Catholic schools are diverse and active communities which readily work in partnership with other organisations and groups. Schools in the diocese are passionate about working together to support each other and are striving to achieve excellence for all. By working together with the NRCDES, whether as part of MATs or as voluntary-aided schools, the ambition we all share is to develop our capacity and the opportunity for children, teachers, staff, parents and parish communities to work together to drive school improvement and to meet the challenges of the future so that all of our schools are at least good and many are outstanding. Sharing the diverse range of our experience and expertise from our schools across the diocese through focused and strategic MAT and other partnerships will build and develop our capacity for improvement. In this way, we will meet the requirement set out in Canon Law that:

Directors of Catholic schools are to take care under the watchfulness of the local ordinary that the instruction which is given in them is at least as academically distinguished as that in the other schools of the area. Canon 806 §2 (Code of Canon Law)

In order to assist the work of the NRCDES, the Board of Directors has established three sub-committees:

- Standards
- Sponsored Academies
- Finance and Staffing

This document outlines the role of the Sponsored Academies Committee and how this group will work in order to assist the NRCDES in its vision.

Current Context

Since its creation, the NRCDES has taken on the sponsorship of 4 schools, 2 primary and 2 secondary.

<i>Name of school</i>	<i>Date of conversion</i>	<i>Ofsted</i>	<i>Grade</i>	<i>Ofsted</i>	<i>Grade</i>
St Augustine's, Nottingham (Primary)	1 September 2012	09.07.12	3	21.05.14	2
St John Fisher, Derby (Primary)	1 September 2012	11.02.08	3	13.05.14	2
Holy Family, Cleethorpes (Secondary)	1 September 2013	01.02.12	4	24.06.15	2
St Philip Howard, Glossop (Secondary)	1 September 2015	04.11.14	4		

In October 2016, a further school was sponsored:

<i>Name of school</i>	<i>Date of conversion</i>	<i>Ofsted</i>	<i>Grade</i>	<i>Ofsted</i>	<i>Grade</i>
St Edward's, Swadlincote (Primary)	1 October 2016	3.10.06	1	12.05.15	4 (SM)

Schools within the Nottingham Diocese that are sponsored by other Catholic Academy Trusts:

<i>Name of school</i>	<i>Date of conversion</i>	<i>Ofsted</i>	<i>Grade</i>	<i>Ofsted</i>	<i>Grade</i>
St Mary's, Grimsby (Primary), (NoLCAT)	1 December 2012	29.04.14	4 (SM)	14.10.15	3
St Joseph's, Matlock (Primary) (St Robert Lawrence Catholic Academy Trust)	1 November 2016	26.06.12	2	3.06.15	4 (SM)

It can be seen from the table above that the track record for the direct sponsorship of schools by the NRCDES is successful. However, like any organisation, it is vital that constant self-evaluation takes place. Discussions have now taken place on how we can continue to improve and develop our current model of sponsorship.

Accountability

Academy sponsors are accountable for progressive and sustainable improvements to performance in their schools. The NRCDES will take the lead on improvement and will continue to challenge traditional ways of thinking on how schools are run and what they should be like for students. The NRCDES will challenge low aspiration wherever this is found.

Academy sponsors are responsible for:

- setting up the academy trust
- appointing the leadership team
- selecting the governing body
- monitoring the academy's performance and taking action where necessary
- reporting to DfE about the academy's performance
- involving parents and the wider community in the academy's work through events, mentoring and business links
- making sure the academy spends its funding effectively
- working with the academy trust, governing body, principal and senior leadership team

(DfE Guidelines on Academy Sponsorship)

The NRCDES will broker or provide expertise across a range of areas such as business acumen, legal advice, financial management and administration in order to support this drive for school improvement across the diocese.

In acting as a sponsor where it is necessary, the NRCDES will contribute to the following key success factors that can help to turn a school around:

- Continuing to promote our distinctive Catholic values and ethos
- Helping to articulate a clear educational vision that champions the ability of all children to achieve their potential and has buy-in at all levels in school
- Recruitment, retention and development of successful school leaders with a commitment to nurturing their own professional and personal faith development
- Developing effective governance arrangements
- Providing strong challenge and support to school leadership, ensuring that the infra-structure and systems for effective leadership and management are in place, to secure rapid improvement
- Monitoring clearly defined aspirational and challenging targets and ensuring improvement in performance
- Effective partnerships with key stakeholders, particularly with our outstanding schools and academies and with Catholic and other Teaching Schools
- Providing coherent strategic planning for the development of the school
- Promoting sound financial management skills and rigorously pursuing value for money

Sponsors are responsible for establishing the academy trust, the governing body and for ensuring that an effective headteacher is in post. The NRCDES will work with governors and the headteacher of the academy closely to develop the organisation, staffing management and leadership as well as the academy's ethos, vision and curriculum, so that the academy can hit the ground running upon conversion. The NRCDES as a sponsor will challenge the headteacher and will hold them accountable for the performance of the academy in all areas.

The NRCDES may co-opt additional governors to the academy trust who can contribute expertise in areas such as financial management and business.

In some cases, the NRCDES may also ask a successful existing MAT to take on the sponsorship of a nearby school which is in need of support. This model has already been used within the diocese and it is our long-term objective to use this approach in the future.

The NRCDES will promote and support the development of effective partnerships between the academy trust, governing body, headteacher and senior leadership team of the school through:

- Chairing regular meetings of the academy trust and/or governing body
- Challenging progress in all areas of the academy's operation whilst providing support and guidance aimed at promoting success
- Reporting to the Department for Education on the performance of the academy, and where necessary establishing a plan of action to improve performance
- Setting up committees with a specific focus to monitor aspects of academy life
- Leading involvement with parents and the wider community, to promote the academy and support community regeneration
- Ensuring value for money and good use of public funds, and leveraging in other finance and resources when needed

School Consultants

From September 2016, the NRCDES has engaged the services of a school consultant for each of the sponsored academies. This is paid for from the top slice received from each school. The number of allocated days per year will depend on the school's circumstances and will be determined by the Director of Education following consultation with the Sponsored Academies Committee. Please see Appendix A for details of current arrangements.

Authority

The Committee is authorised to investigate any aspect within its terms of reference or which is specifically delegated to it by the Board. It is authorised to request any information it requires from a diocesan sponsored academy or trust and all sponsored academies and trusts are directed to cooperate with any request made by the Committee.

Terms of Reference

The NRCDES recognises that individual schools and academy trusts remain responsible for their own improvement working within a model of sector-led improvement.

- To ensure that the NRCDES has appropriate systems and resources to monitor and evaluate standards in diocesan sponsored academies, including those sponsored by diocesan MATs.
- To work with the Director of Education and Deputy Director of Education to monitor, review and evaluate standards in diocesan sponsored academies:
 - Performance data
 - Ofsted inspection outcomes
 - Diocesan canonical inspection outcomes
- To identify sponsored academies that are performing well and to acknowledge this.
- To identify sponsored academies that are underperforming and to support the Director of Education and Deputy Director of Education to offer appropriate challenge and support.
- To arrive at a 'shared view' about the most effective way of addressing any underperformance and how this approach will be taken forward including ways in which the sponsored academy will be supported.
- To monitor progress with implementing actions agreed in meetings and evaluating the impact of these on sponsored academy performance.
- To provide recommendations on sponsored academies and monitor their school improvement actions.
- To review interim tracking data where concerns arise from individual sponsored academies and agree actions to be taken by the schools to address the areas of underperformance or concern.

The Sponsored Academies Committee will self-assess its performance against these Terms of Reference on an annual basis and will also review the Terms of Reference, submitting any proposed changes to the Board of Directors for approval.
